2. System Requirements

IN ORDER TO USE THE PICUS YOU WILL NEED EITHER ONE OR BOTH OF THE FOLLOWING. THESE WILL NEED TO BE PRESENT DURING DELIVERY AND TRAINING TO ENABLE FULL SETUP TO BE COMPLETED. FAILURE TO DO SO WILL RESULT IN ADDITIONAL CHARGES, (SEE 8).

Option 1: A suitable laptop PC Pentium 2 or higher, 466 MHz or higher

Operating System: Microsoft Windows 98/ME/2000/XP

CDRom drive

20Mb of free hard disk space.

USB Port

Please choose 65000 colours or more on your computer to view the PICUS tomograms in full resolution.

If the Picus Callipers are also ordered, you will also require Bluetooth capabilities.

Option 2: A Pocket PC, running Windows CE v4 or Windows Mobile 2003 and Bluetooth capabilities. Previously used models include:

HP iPaq H3970 HP iPaq H4700

HP iPaq H2210 HP iPaq H2410

HP iPaq H5550 HP iPaq H2750

HP iPaq H4100 Dell Axim X3

SPV M2000

HTC P3300, HTC P3600, HTC TyTn II

A suitable Desktop computer running the appropriate synchronization software for your PDA, to enable you to download and print your tomograms.

If you do not want to use Bluetooth a suitable USB cable can also be used.

NB: If your computers have limited access rights for the installation of new software and/or hardware you will need to make arrangements for these to be temporarily lifted or the appropriate IT staff be present at time of delivery/setup. If you are unsure please contact your IT department.

3. Delivery

UK – Four (4) to six (6) weeks after receipt of purchase order and payment terms have been met (see Section 4 below)

International – Four (4) to six (6) weeks after receipt of full price prepayment
